

# LAWRENCE HUGHES RACE DRIVER WILL OPEN OWN GARAGE

Lawrence O. Hughes, auto mechanic and racing car driver, has announced the opening in the immediate future of his own garage at 114 North Seventh.

The building formerly was occupied by the Willems Tire and Battery service and was taken over Friday by Hughes who plans to give general repair service, rent storage space and retail tires and fuel as well.

Hughes returned recently after a summer of auto racing on tracks in the middle west, being very successful. He has resided in Beatrice upward of ten years and though he has spent the past several summers racing, he has been connected with local garages during off season months.

His numerous friends wish him well in his new enterprise.
